Dear Mrs. Manley:

I am dropping you a line in regards to the advertisement of the last three baseball games for Newark. Unfortunately, you being so busy, I imagine you forgot them. And one of the games was during the gas rationing which I know you will understand.

I was very sorry you were unable to play any more games here, but I hope you had a very successful season.

Regards to Mr. Manley and a pleasant winter to you both. Will expect to hear from you at your earliest convenience.

Yours very truly,

J. Dory Larramore.
